Summary: I killed a demon, tricked a god, and stopped two wars. But, now? What can I do in the World of Shinobi where a lot of people are already overpowered? OC story. Vote for next story. AU for sure!

1. Chapter 1

(A/N: I do not own Naruto. Now then I changed the original concept of the Book 3: Naruto. I remember Book 1 and I decided to revise an idea.)

.

.

I opened my eyes. I was in a forest. Wait... why was everything big? Everything was much larger. The trees are huge. Or the trees in this world grow this big. IT WAS COLD! Why isn't my coat kee- wait. Where is the coat I got from Fire Emblem?

I was naked and all my stuff was gone. Most people would be embarassed in this situation while I thought: I FUCKING LOST THE COAT AND THE FALCHION!?

Now I'm pissed. But, it is COLD! I needed heat. I then sensed some strange energy that was in me.

That's not darkness from Grima. I began to reach out to it.

Wait... now I'm in a sewer.

***"RRRRROOOOOAAAARRR!"**

I jumped instantly and looked around like crazy. WHAT was that?

Then I noticed I was back to fully dressed in my clothes. My coat was still there but, not the Falchion. Shame.

I turned around to see a roaring godzilla-size fox. I jumped back as it roared and attacked at the cage.

Wait a minute! I know that fox! The Kyuubi.

"Well look here. A demon. Not only a demon but, the 'strongest' demon in the world. Trap in a mortal body." I said in a mocking tone.

** "Wretched human! I could kill you if I wanted to! You are nothing compared to me! You won't be smiling when this cage is open!"
**roared the Kyuubi.

"You want to bet on that?" I asked smiling.

I floated up in the air. I put my hand on the seal. The Kyuubi stared in shock. He probably couldn't believe what he was seeing.

I put my hands under the paper to have a hand stop me.

"I can't let you do that." said The Fourth Hokage. "I understand you have received misery for what has happen but,-!?"

A black substance crawled out and grabbed the Fourth Hokage. He tried to teleport away but, couldn't.

"I should let you know that while you think it was years of the sealing but, here is a secret. It has actually only been a minute." I said.

"W-what? How? How can you be this old then?" asked The Fourth.

"I truthfully thought you would seal the demon in your son seeing you would trust him more." I said dodging the question.

"Son? I don't have a son."

I blinked. So Naruto doesn't exist in this world? So I am in an AU world instead huh? Well what do you know.

"Oh well I guess I'll finish you then the fox." I said. The shadows absorbed him and I was filled with power.

"Well the Hokage has a lot of chakra. Makes sense seeing the teleportation jutsu he uses takes extreme chakra per use, and he spams that attack. But, I need to eliminate one more annoyance." I said.

**"What?! You think you can kill me!? Even the SHINIGAMI can't kill me! Only seal me! You are nothing!" **roared the Kyuubi.

"Let's test that theory." I said smiling.

I ripped off the seal and turned the seal on my stomach. The cage doors opened instantly and the Kyuubi charged at me and opened it's mouth and ate me.

It was slimy and pulsing. Gross.

I sent a wave of darkness threw my body.

**"WHAT!? NO!" **roared teh Kyuubi.

Darkness spreaded threw me and the Kyuubi. Soon it began to compress itself until It was only me. Power surge threw me. I knelt down. It was incredible. I hadn't felt such strength since I combined the two Grima's energies into one.

I opened my eyes. I still couldn't move and I was still small but, this time I wasn't cold and being held by a masked person in a blanket. We both entered a room.

We were both met with the sound of shouts.

"We should just kill the demon now! The village will be safe!"

"No! We should turn it to a weapon! With this power we can be invinsable with the mightest Bijuu!"

"Enough!" roared an old man. The Third Hokage.

"The Fourth Hokage is dead. First we must deal with this matter!" said the Third.

"We cannot go looking for canidets. The only ones we could elected are the Sanin. Jiraya and Tsunade are too far and we can't trust Orochimaru." said one council member.

"True. We have to figure out somebody. For now I propose we should renstate Sarutobi Hiruzen as Hokage. All agree?" asked Hiashi Hyuuga.

Most hands went up except for a certain Danzo.

"Good. Now we must deal with the Jinchuriki."

This went with more shouts.

"KILL IT!"

"We need a weapon!"

"We cannot just treat him this way. He is just a child containing the demon!" said The Third.

"How about a vote? All in favor in killing the child?" asked Danzo.

One from the Shinobi Council, most of the Civilian (at least I think so. They didn't have headbands are were a bit large.).

"All in favor of a weapon?"

Some Shinobi had hands up, the remaining civilians except one, and Danzo.

"And for a normal life?"

The Third Hokage, one civilian, most Shinobi including Shikaku Nara, Inochi Yamanaka, Chouza Akamichi, Hiashi Hyuuga, and Fukagu Uchiha!

"It seems that Weapon has won by one. Next to a childhood." said Danzo with a bit of a smile.

"Wait Danzo. You seem to forget that as Hokage my vote counts as two." said the Third.

"That will leave it at a tie. A re vote and those who won't get to execute him will vote for a weapon." said Danzo still smiling.

He's right. I am screwed.

"Hold on. The boy is an Uchiha. Mikoto and I know his parents personally. They made us his godparents. Since I am his guardian that makes him my family and I get two votes for his fate." said Fugaku.

Wait... what? If that is true... Did Danzo lose by just one?

"That can't be true!" said Danzo.

"It is. I have documents and the signatures of his parents who did in the attack. I intend on fullfilling their wishes and be his guardian." said Fugaku.

Danzo looked at the paper then he was slowly gaining a look of rage. The Third checked to.

"It is official. The child shall be under the costady of Fugaku and Mikoto Uchiha. And no one is allowed to talk about the child's Jinchuriki's status." said The Third. Well you can't hide something I don't know. And a dead demon.

As everyone was leaving I was handed to Fugaku from the ANBU.

"Thank you Fugaku. Who knows what could have happen if you didn't do that." said the Third.

"I did it for a few reasons. One is because he is an Uchiha. Naturally we protect our bloodline. Another is because I really want to be his godparent. Even though we have two sons already we are will to take a third. And also..." I was given to the Third. He gasped in surprise.

"The Sharingan...? But, how?" asked The Third.

Wait... I got the SHARINGAN!? SCREW THE COAT AND FALCHION! THIS IS MUCH BETTER!

"I would tell you but, the Sharingan is a clan secret. I can't tell you but, I do have a theory how." said Fugaku.

His theory is either A) Since the Sharingan is activated from nearing death and the Shingami was there so technically I WAS near death. Or B) I nearuly died in the Kyuubi attack.

But, I have a problem. I first needed a way to screw with time.

Unfortunately it was near impossible considering how difficult tie is here and with a family I will have much less freedom and I was in a shinobi village. Great... I feel like a prisoner. Can't wait to escape in some way.

(A/N: That is it for now! Thank you for all the people supporting this series! Also don't forget to vote for the next book!)

2. Chapter 2

(A/N: I do not own Naruto or any series mentioned)

.

.

"Sasuke! Daichi! Your brother is home!" called Mikoto.

"Oh no..." I said. Sasuke instantly dragged me instantly.

"Nii-san! Your home!" said Sasuke as he both ran and dragged me. How strong is he?

"Hello Sasuke-kun, Daichi-kun." said Itachi.

"Itachi-niisan." I said calmly. I decided to mirror Itachi. Most Uchihases were anti social so it wasn't too hard. Problem is I cannot crack jokes and Sasuke can't hear a few.

I learned a bit of Kanji but, that was it. I would write in english but, ninjas crack codes all the time. I don't want other people to learn it so I don't write it for safety. I am careful with Itachi. He is dangerous seeing he already is in ANBU. With his Sharingan too it is dangerous. I am aware of the Massacre and I don't want to be killed myself.

"Nii-san! Will you train us now?" asked Sasuke.

"Well-"

"Don't lie. I checked and all you did was training today. Plus this wasn't even the difficult ones you do. I doubt us four year olds can make you tired." I said with a smile.

Itachi was a bit annoyed which he hid very well but, I caught it with my sharingan. I recently discovered that I can't turn off my sharingan. But, since I have a sea of energy it didn't matter.

"Alright lets go train." said Itachi.

We walked to the Uchiha Training grounds. The Uchiha Compound was incredible.

The Compound was huge and was practically it's own town. It even had hotels and places to shop. Now this place was huge! We were heading to the Training Grounds which were also very large.

Nobody here seem to care about my Jinchuriki status. Maybe because I

was an Uchiha or being raised by the Clan head or both. I never got to step foot out of the Compound. I tried but, there will always be someone to stop me whether it be hidden ninjas or the Clan Head Family.

Sasuke really has a hard grip for a 4-year-old that wants to play...

"Alright. It is a year early but, I can teach you one of our family's jutsus we are known for. It is called Fireball Jutsu. This will allow you to shoot a large Fireball from your mouth. Don't be disappointed if you don't get it on your first try. You are really young to learn this." said Itachi.

Sasuke tried the Jutsu, after learning the handsigns, and ended up coughing up smoke.

"Alright Daichi you try it." said Itachi.

I nodded and did the handseals. Next thing I knew everything was dark.

.

.

"Ow..." I groaned as I woke up.

"Daichi! Are you alright?" a voice asked.

Next to me was Mikoto.

"I'm alright Kaa-san." I said (I was a little uncomfortable with calling some one my parents). "What happen?"

"An explosion happened at the training grounds. It was massive! Itachi managed to protect Sasuke but, you were too close. Are you alright?" she asked again.

"It only hurts a little." I said. It did. The Kyuubi I absorbed gave me some good regeneration. Not Deadpool or Wolverine regeneration but, enough to keep me alive. I thought about what happen. A explosion? I really need to learn chakra control. The power of two gods, a demon, and a now 20 something year old. I have a LITTLE to much power.

"I see your awake. It is a good things like that happens frequently. Not at such a scale but, it was dealt with. Do you know how it happened Daichi?" asked a man. I looked to see Fugaku Uchiha.

"No. I was training with Nii-san on a jutsu and I woke up here." I said. Fugaku was staring at me. Well sort of. I can tell he was thinking hard.

"Excuse me. But, I need to go do some business son." said Fugaku leaving.

(A/N: WOW! A review! I LOVE those much more than views and favorites! Thank you! Also don't forget to vote for Book 4! I like to see more votes! And Reviews! MORE!)

3. Chapter 3

(A/N:I do not own Naruto)

.

.

I was discharged from the hospital the next day fully healed. When I went home I met a woman. I cuold tell she was Uchiha. Her eyes were a fully matured sharingan so she had to be an Uchiha.

"Are you Daichi Uchiha?" she asked.

>"Yes." I said noddng.<p>

"I am Sakrai Uchiha **(A/N: My internet is donw. I made it up.) **.
Your father wants me to train you." she said.

"Why? Aren't I young?" I asked.

"Well despite your age you have an extreame amount of chakra. You need to learn chakra control before it grows too large. That is why I am here." said Sakrai. Wow. She mustn't be happy to teach a four year old.

"Alright Follow me." she said.

I followed her to the a training ground that wasn't destroyed.

"Alright. Naturally you are aware what chakra is? If not then we will have a few questions with your tutor." Sakrai said. I nodded to her.

"I know what chakra is. It is a combination of stanima and spiritual energy. It can be molded to jutsus." I said.

"Good. Least you got the basics. I trust you know how to manipulate chakra sicne you nearly preformed a jutsu?" I nodded at the question.

"Good. This is a common technique called the 'tree climbing exersize'. We won't be using trees because they will likely explode. So we will use these boulders. They are more sturdier than trees." I nodded and did y best to put as little chakra into my feet.

"Less! You are litterally floating!" said Sakrai. I blinked. I was. I was doing it without telekinesis. Well that is new.

.

.

I laid on my bed with a sigh.

It has been a year. Still can't do a tree climbing without making Sakrai take cover from showering rocks. But, I don't accidently float at least. That is good because I can see I have actual progress.

I was currently five. I was a bit worried. Itachi was becoming more secluded and stayed away. Sadly that see to effect Sasuke. He was unhappy his two brothers had less time to be with him. My training took most of the day and I would collapse unconscious. The only reason I was awake was because my mind was rushing.

With Itachi spending less time with us it means we are getting closer to the massacare. That will be when Sasuke is six. We have around a year left. I don't really know if I should stop him or not. I want to screw up time of course but, Itachi will be rather important in the Fourth Shinobi War.

I didn't have a single idea. I am at a cross road. What can I do?

... I let him. I just won't be around. I can't trust myself to be around when it happens.

.

.

I ran off instantly. The guards were switching positions. I heard of Shisui going missing. I didn't want to be in Itachi's way.

A year flew by like nothing. I still blew up trees but, NOT boulders! I wonder what would happen if I tried water walking?

...I'm not that stupid.

I was in a forest outside of the village. I sighed and waited. I will wake up in the morning to see if the coast is clear. I sighed as I released some energy by accident. I sensed something my energy went around.

I jumped and just in time to see a few knives hit the ground I was sitting at. I looked up to see Itachi.

"So you know what is going to happen and not stop it?" asked Itachi.

"I know that you have help. I couldn't do anything even if I tried. I'm guessing you ally is doing the rest of the clan?" I asked.

"Yes. You are my priority. You are far too dangerous." said Itachi.

"Because of my chakra or the Kyuubi?" I asked.

"So you are aware of the demon?" asked Itachi.

"Yes. You shouldn't have just talked to me." I said smiling. I grabbed him with my telekinesis. He will have to die.

To my shock he released chakra and BROKE my telekinesis! My eyes widen as he moved at incredible speed.

I was too slow but, my sharingan was watching him head straight to me. I then smiled again.

An ANBU blocked the blade in an instant.

"What?" asked Itachi surprise.

"Like this ability of mine? It is called a Risen. A dead body that does my bidding." I said.

"This... was un forseen. No matter. I can easily defeat both of you." said Itachi.

"It has no mind of it's own. So Tsukuyomi won't work on it. Also..." I snapped my fingers. More Risen rose. Hundreds of Senjus, Uchihas, and shinobi, wehter leaf or not began to rise.

"Can you kill an infinite army of the dead?" I asked. "I can even bring Madara Uchiha and Hashirama Senju to life."

"No. You cannot bring back Madara for he is-"

"Dead. The one you met is a fake. Obito Uchiha is his name. Or 'Tobi' as he goes by from what I know of." I said smiling.

"What?!" asked Itachi.

"Yes. You were lied to. Also... you don't have to fight me. I will let you go on if you leave m-" I gasped as I was hit by black flames.

Itachi's eyes were bleeding.

"Impressive... Can you keep it up?" I asked. Pain was searing threw me but, I was alive. Naruto's regeneration was good because having small amount of fKyuubi regeneratation. Mine's is MUCH better because it was ALL of the Kyuubi.

"No... That can't be possible!"

Kunai and Shuriken were launched at him and he ran. As he did the flames on me began to vanish. I collapsed in pain.

As I was blacking out my only thought was 'at least ONLY my shirt was burned...'
